

Year 5

Spring Term (2nd half)

Welcome back!

Our main topics for this half-term will be:

How has Britain changed? We will be studying British history, including: the fifties, the Swinging Sixties and the eighties. We will consider the change in home life, food, technology and population. We will apply what we have learnt by writing a weekly diary from each decade.

Computing- We will be using the computer program Sketch Up to design and create buildings for our local area.

Art- Art through the decades. The children will consider how history and culture has had an impact on art and create their own artwork based on famous artists.

Science- Within science we will be investigating the impact of forces. In particular we will be considering water and air resistance, gravity and friction. We will be making models and testing forces.

Things to remember...

- Monday: Homework to be handed in
- Tuesday: -
- Wednesday: Swimming
- Thursday: -
- Friday: CLIC and Learn Its (maths), PE kit (indoor and outdoor).

HOME LEARNING

- 10 minutes each night - reading.
- Practising spellings ready for test each fortnight
- Practising times tables and 'Learn its'

The children have a 'homework' book where they can practise their spelling and 'Learn its'. It is expected that the children use this book and evidence their home-learning each week.

*One piece from homework grid, this is now not compulsory, but can be completed each week if desired. It will be marked and returned to the children afterwards.
