Summer Term 2017 – 2nd half

Welcome back!

I hope that you've all had a lovely half term break and that the children are pleased to be back! This will be their final half term in Year 2 – I can't believe how quickly the year has gone. The children are a pleasure to teach and I have thoroughly enjoyed watching them mature and blossom. We have got lots of work planned for the rest of the term and will be doing lots of learning outside – so let's hope the weather is kind to us. Please feel free to speak to me about any questions or concerns you may have.

P.E. Kits

Please make sure your child has their P.E. kit in school at all times. The children will be doing one PE session a week with Kevin Dawson. The other PE session will be doing some fitness training and athletics.

Topics

We are continuing our topics from last half term – 'Travel and transport' and 'Habitats'. We will be finding out about what it's like to live in different parts of the world. Also, we will be finding out about the invention of different vehicles in the past. We will be doing lots of Science work outside exploring what plants and animals live in our school grounds.

Reading

Please make sure that the children are reading regularly at home. The children know that they can change their books everyday if they have read.

Spelling

Please remember to encourage the children to do their spelling homework and return it on Thursdays.

Maths homework

Please continue with the maths homework, as being able to instantly recall addition and multiplication facts is something that the children will use for the rest of their lives!!!

Don't forget that the children have access to an online maths resource that can be accessed at home. Their 'log on' details are in the back of their maths homework books.
