Newsletter Friday 6th May 2022

Dear Parents & Carers,

We have been very busy in school and getting out and about in the school grounds. The vegetable garden is all planted up and so now we just have to look after the plants and let nature do its work.

On Thursday, Mr Jowett, our Chair of Governors, with help from Daniel and Rory, planted our Jubilee Tree as part of the Queen's Canopy. He chose a beautiful whitebeam, which has been much admired. It is right at the front of the school and so its growth and development can be enjoyed by everyone throughout the year.

All children across took part in a dance workshop delivered by One Day Creative where they danced to music from the last 70 years. We couldn't believe that Elvis recorded his songs 65 years ago either...

Here they are dancing to Saturday Night Fever!

Due to popular demand, and after much discussion, we will be having special tea towels printed with all of the children's self portraits. These will be an ideal way to commemorate this event and a great present for family and friends. More details of how to order them will follow.

We love our wildlife area – we are so lucky.

Science Club explored it this afternoon and learned about fractals and spirals.

There was so much to notice around the school site.

Over the next few weeks, we will be thinking about ways to use our local area for learning. If you would like to be part of a team of volunteers who can offer their services to help with this, then please contact the school office. Thank you.
